

WLRMS to consider updates to 5-year plan.

On the agenda for the regularly scheduled Board of Director's meeting on Friday February 17, 2023 is an updated 5-year Strategic Plan which is an important part of WLRMS' Long Range Plan. From time to time the Board of Directors considers how to advance the broad goals outlined in the Long Range Plan. The 5-year plan outlines more than the road work scheduled each year, it endeavors to set forth WLRMS' approach to each of the long range goals and major issues emerging in the next 5 years.

The 5-year plan is also a key tool to developing WLRMS' rolling Capital Plan. The Capital plan matches projected available revenue and reserve funds to capital needs expressed in the Strategic Plan during the corresponding timeframe.
